

FriezeFest 2005

21-22 October 2005

Please join us to honor and celebrate the career of **Alan Frieze** on his **60th birthday**. Professor Frieze played a central and leading role in the rapid development of the fields of **randomized algorithms, random structures and combinatorics** over the last three decades. This role has been recognized with a **Fulkerson Prize, a Guggenheim Fellowship, and editorships in numerous leading journals** in these areas. In addition to the workshop, there will be a banquet featuring reminiscences about the life and career of Alan Frieze (both respectful and otherwise).

Workshop

Friday and Saturday
8.30 am-5.30 pm

McConomy Auditorium
University Center
Carnegie Mellon University

Banquet

Friday Evening
Pittsburgh Golf Club
